Dear Juan,

I do not understand this.

You are suddenly giving me less than 2 weeks?

I thought I made it clear.

I would not like to leave on my own will, I've been urged to say that I would prefer to leave if I have to be under Maria instructions and depend on her.

Moreover, after that, I was advised rather to ask protection from Conflict Resolution commission than to leave.

I was pointed to a corresponding document of CRG «Guidelines for personal or professional conflict resolution».

Currently I am doing some tasks for Eva so, I am sorry, but I find your proposal inappropriate.

Kind regards, —
Catherine

Hi Katerina,

Andra told me that you would like to leave CRG before end of the year, instead of at the end in December. From HR we got the approval for letting you leave on Nov 10th , so if you agree we can proceed with the official papers for that date.

Please confirm that this is OK with you.

Regards,

Hello,

I kindly remind you that the three weeks period ends by the end of the day 21/10 as due to the retreat I started working on the tasks a week ago.
New virtual machine with better parameters is just configured.

Andra, could you please send me that 1month notice I have to fill in?

Hi Katerina,

It is a reminder that next week (the 19th) we are expecting the tasks that we were discussing last week.

Also, new analysis and data should be implemented to the pipeline. I will be in a meeting for the H2020 project, but Samuel will be here. So, please, sit and discuss with him about the next things to implement. Also, Luis asked that the pipeline should be properly documented and reported before you leave in order to ensure that someone else can continue developing it. Do you think that you could have a proper report for the end of the month?

I proceed to it as soon as 1 month notice is signed by both sides.
1 month is more than enough for it.

Catherine

Thanks
Maria
