Dear Katerina,

I am contacting you because of the scientific revision of the MycoChassis project of Dr. Luis Serrano which will implement the European Commission mid of September.

You were working on the project from March to December 2016 (this information is taken from the last Financial report sent to the EC), and we therefore have to present the *Declaration working exclusively on a H2020 action* (see attachment) signed by you.

If you are in Barcelona, may I kindly ask you to come over my office latest by Wednesday, 06 of September, for signature. I would much appreciate it, but if it is impossible, then please send the hard copy of the declaration with your original signature to the address below.

Thank you very much for your understanding

Best regards  
Stefan
